## *Ambassador Grace Debuts!!*

Congratulations to our very own Grace Hashiguchi! Grace has been selected as a Junior Ambassador for the USTA Mid-Atlantic and received the diversity grant to continue her success in USTA tournament competition! In return for the grant, Grace will volunteer time at Mid-Atlantic section events, including Family Day at the Washington Kastles home match and work at the Legg Mason/USTA booth! Be sure to stop by and say “*HI!*” if you make it down to either of these events.

We are so proud of Grace’s achievements. She has all the qualities required to be a successful competitor including dedication to training on and off court, continuing education through group and private lessons as well as good sportsmanship and a love of the game. Grace understands and practices these qualities every time she steps on the court.

Grace has grown into a confident tournament player in only a few months, always having something positive to take away from matches and eager to face her next challenge. We are excited to be a part of her growing success and participation with the USTA in it’s efforts to promote tennis. Good luck with your ambassadorship, Grace...make us proud!
